

Revise list:

I need create a QR code, the allow user the Radom signed up that group , and sure system equally signed up 25 person per group.

1. Remove scroll bar on the screen

2.

Prolific Test

1. Make sure system signed to random signed to different group, collect same number of each group.
2. Make sure system is connect to prolific

Put attention checks on page 2. Not page 1

When direct to this page, it should be on the top, now is direct to the bottom questions, when user direct to this page, it should direct to the top sessions.

A Few Last Questions

A few quick questions about yourself and your experience with multi-service apps. This helps us understand different user perspectives.
